Objective

A motivated Network Engineering student with basic knowledge of networking and a growing interest in data analysis and cybersecurity. Passionate about Security Operations Centers (SOC). Seeking opportunities to gain practical experience in network security and data analysis.

Education

BSc in Network Engineering

Al-Nahrain University | 2023–2027

Certifications

- Computer Hardware Basics (CISCO)
- Operating System Basics (CISCO)
- Python Essentials 1 (CISCO)
- Python Essentials 2 (CISCO)
- Introduction to Packet Tracer (CISCO)
- Learn-A-Thon 2025 Achievement (CISCO)
- Delivering Quality Work with Agility (IBM)
- Google Data Analyst Path (Ongoing)
- CCNA (Planned)
- Security+ (Planned)

Skills

- **Networking:** Basic knowledge of networking concepts and protocols.
- **Python:** Basic knowledge of Python, with plans to expand into data analysis and automation.
- **MS Office:** Strong knowledge of MS Word with good proficiency in Excel and PowerPoint.
- **Graphic Design:** Good knowledge of Adobe Photoshop for design.
- **Cybersecurity:** Passionate about cybersecurity with a focus on Security Operations Centers (SOC).
- **Languages:** Arabic (Native), English (B1 Level).

Soft Skills

- **Communication:** Good written and verbal communication skills.
- **Time Management:** Excellent ability to manage time effectively and meet deadlines.

Hobbies

- **Chess:** Enthusiastic about playing and studying chess strategies.
- **Pixel Art:** Enjoy creating pixel art and exploring its artistic possibilities.

Work Experience

Graphic Designer (Freelancer) | 2022–2023

- Designed graphics for various projects, including logos and promotional materials using Adobe Photoshop.

Projects

- **Networking Project:** Hands-on experience in configuring basic networks using Packet Tracer.
- **Python CLI Programs:** Created simple Python CLI programs for various tasks, which are uploaded on GitHub: <https://github.com/muhmedsadiqjasim/Python-CLI-simple-programs>
- **Portfolio Website:** <https://muhmedsadiqjasim.github.io/Portfolio/>

Additional Information

- Strong passion for learning about SOC.
- Eager to gain practical experience and contribute to network security and data analysis projects.
